ST. NINIAN'S PARISH CHURCH

"WHAT DOES IT ALL MEAN?"

Do we have free will? **Is there a God?**

Is it wrong to eat meat? **What is the point of life?** **What is art?**

How do you know? **Do animals have rights?** **What is religion?**

What is beyond the universe? **Should there be limits to free speech?**

Is science the answer? **What does the word 'word' mean?**

What is the point of life? *Are your mind and your brain the same thing?*
